

ABI SAUNDERS

Web Developer

A methodical view and approach to working and eager to learn and develop my skills. This can be seen in the websites I create in my own time, seeing the progression of my coding and the dynamic websites created. Can accomplish tasks within the time set and pride myself to complete any work to the best of my abilities with the knowledge to gather resources efficiently.

Hobbies

Work Experience

Apprentice Web Developer

Digital Storm | October 2016 - Present

Learning the ropes on the day to day of a web developer role. Being trained in Wordpress to create modern and mobile friendly websites based on clients needs. This has improved both my coding skills along with my Wordpress ability as well as my communication skills and how to interact with clients and complete the task to the stand they want.

Retail Sales Assistant

The Co-operative | August 2015 – Present

Trained both behind till as well as in the warehouse allowing me with the responsibility of ensuring the shop is well stocked for the customers as well as making sure our deliveries run smoothly and all stock is rotated and stored correctly. Behind tills I am accountable for handling money, customer services and making sure business runs smoothly.

Bar Assistant/Waitress

West Hants Tennis Club | May 2014 – August 2015

Being employed at West Hants I would carry out bar work and occasionally waitress in the restaurant with the responsibility of opening and closing the bar. Often shadowed and helped team leaders with them trusting me to close down the bar, which included handling money and monitoring client hospitality.
